ANNUAL REPORT

—OF THE—

TOWN OF LACONIA,

FOR THE YEAR ENDING

MARCH 1st, 1891.

NEW HAMPSHIRE  
STATE LIBRARY

# ANNUAL REPORT

—OF THE—

TOWN OFFICERS

—OF THE—

# TOWN OF LACONIA,

COMPRISING THOSE OF THE

TREASURER, SELECTMEN, OVERSEER OF POOR,  
SCHOOL COMMITTEE, ETC.,

FOR THE YEAR ENDING

## MARCH 1<sup>ST</sup>, 1891.

---

LACONIA, N. H.:  
LEWIS, VAUGHAN & CO., PRINTERS.  
1891.

## State of New Hampshire.

~~~~~  
{ L.S. } To the inhabitants of the town of Laconia qualified to vote in town affairs. You are hereby notified to meet at Folsom's hall, in said Laconia, on the second Tuesday of March next at 9 o'clock in the forenoon to act upon the following subjects:  
~~~~~

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose three selectmen, town clerk, town treasurer, overseer of the poor, health officer, fish and game warden and two auditors, for the year ensuing

ART. 3. To choose two trustees for the public library to serve for the term of three years.

ART. 4. To choose all other necessary town officers and agents for the year ensuing

ART. 5. To see how much money the town will vote to raise for the support and increase of the public library.

ART. 6. To see how much money the town will vote to raise for the support of the poor for the year ensuing.

ART. 7. To see how much money the town will vote to raise for the laying out, building and repairing highways and bridges for the year ensuing.

ART. 8. To see how much money the town will vote to raise for the support of schools for the year ensuing.

ART. 9. To see how much money the town will vote to raise for current expenses for the year ensuing.

ART. 10. To see how much money the town will vote to raise to defray the current expenses of the fire department for the year ensuing.

ART. 11. To see how much money the town will vote to raise to pay the firemen for the year ensuing.

ART. 12. To see how much money the town will vote to raise to defray the expenses of decorating the graves of the soldiers who lost their lives in the war of the Rebellion.

ART. 13. To see if the town will vote to make the highway tax payable in money, and if so, how the same shall be collected and expended.

ART. 14. To see how much money the town will vote to raise for paving and concreting for the year ensuing.

ART. 15. To hear the report of the committee appointed at the last annual meeting in regard to building a police station, and to see what action the town will take thereon.

ART. 16. To see what action the town will take in reference to exchanging its Boston, Concord and Montreal railroad stock for Concord and Montreal railroad stock, and give necessary indemnity arising

from the loss of the original stock certificates, and further with reference to a sale of said Concord and Montreal stock when acquired.

ART. 17. To see what the town will vote to pay for the same privileges in the year 1891 they had in the year 1890 on and around Dixon's Point (so called) at the outlet of Winnepesaukee river and the shores of Winnisquam lake on condition if the property changes ownership the money is to be refunded to the town and the town gains no rights thereby.

By request.

ART. 18. To see what action the town will take in reference to leasing of the Winnepesaukee Campmeeting association hydrants at Weirs for fire and other purposes in the discretion of the town

By request.

ART. 19. To see what action the town will take in reference to purchasing hose and a hose carriage for use at Weirs.

By request.

ART. 20. To see what action the town will take in reference to purchasing the Fair grounds for park purposes, and what sum they will vote to pay therefor.

By request.

ART. 21. To see what action the town will take in reference to putting in a system of sewerage in Laconia Village, and to see how much money the town will vote to raise therefor, and how the same shall be raised.

By request.

ART. 22. To see how much money the town will vote to raise to purchase hose for fire purposes.

By request.

ART. 23. To see if the town will vote to increase the number of electric street lights; if so how many?

ART. 24. To see if the town will vote to purchase a stone crusher to crush stone for macadamizing the streets, and how much money they will vote to raise therefor.

By request.

Given under our hands and seal this 21st day of February, 1891.

C. H. WATSON,	} Selectmen of Laconia.
JOHN H. ROBINSON,	
A. S. GORDON.

		-----
Liabilities in excess of assets,		\$14,231 28

Pursuant to a vote passed at the last annual meeting to raise \$5,000 and authorizing the selectmen to expend the same for concreting and paving, we have expended the sum of \$2,123.55 for concreting sidewalks and crossings, but on account of not getting the canal through Bank Square properly covered, we have done no paving.

We would recommend that the sum of \$5,000 be raised for paving and concreting during the ensuing year; we would also recommend

ERRATA.—In the statement of S. J. Lamprey's tax list, \$46,653.67 should read \$40,053.67; J. C. Folsom's tax abatements should read \$29.15, and Folsom's total \$3,111.53. The final footings in the statement are correct.

that the sum of \$5,000 be raised for highways and bridges, and that \$8,000 be raised for current expenses.

It will be noticed that the liabilities of the town exceed the assets \$14,231.28, which is an increase of about \$11,000 over the debt of one year ago. This increase has been occasioned by several large demands on the treasury which were not expected and consequently unprovided for at the last annual meeting. Among these items are the land damages awarded by the Church street extension, amounting to \$10,100; the damages paid in the case Mary W. Osborne vs. Laconia, \$2,761.90, and the damages paid Sarah H. Moulton, \$300. In addition to these awards for damages the town has paid nearly \$2,500 for school books under the provisions of the new law requiring free text-books in the public schools; the re-building of the Hibbard bridge involved an outlay of about \$1,000, and the additional electric lights voted at the last March meeting have increased the bills for street lighting about \$1,200. As these matters, involving a total expenditure of about \$19,000, were not provided for at the annual meeting, the cause for the increase in the debt is apparent.

Articles have been inserted in the warrant to see what action the town will take in regard to a system of sewerage, erecting a new town building for police station, fire department and other purposes, and also in regard to purchasing a stone crusher for use in the highway department. The sewerage system is estimated to cost \$80,000, the proposed town building would require perhaps \$20,000; and the stone crusher probably not over \$1,000.

The selectmen are of the opinion that the sewerage system should be put in at once, and are also in favor of erecting the proposed building for town use and purchasing the stone crusher. The money for all these improvements could not well be raised by taxation all at once, but we would suggest the advisability of hiring the required sum and bonding the debt

SCHEDULE OF TOOLS BELONGING TO HIGHWAY DISTRICT NO. 1,  
MARCH 1, 1891.

Two sleds and carts, 2 stone drags, 6 iron bars, 15 drills, 3 hand hammers, 5 picks, 6 hoes, 2 plows, 1 desk, 1 lamp, 1 set fall blocks, 3 scythes and snaths, 2 chisels, 2 handsaws, 1 cross-cut saw, 1 coal hod, 3 oil cans, 2 harrows, 1 wheelbarrow, 1 manure fork, 30 wooden shovels, 37 steel shovels, 6 spades, 2 scoop shovels, 2 stoves, 1 concrete roller, 8 lanterns, 8 pails, 1 set pruning shears, 20 bits, 2 planes, 2 augers, 1 mallet, 1 nail hammer, 4 face hammers, 1 level, 1 pair saw-horses, 1 tape line, 3 monkey wrenches, 2 dirt scrapers, 9 snow plows, 3 tool boxes, 1 dung puller, 2 stone lifters, 2 grub hoes, 2 iron rakes, 2 wood rakes.

C. B. S. WATSON, Superintendent of Streets.

# Public Library.

---

## TO THE SELECTMEN OF LACONIA:

The following report made by the librarian will show the continued use of the library and its slow but constant growth. The treasurer's statement will give the use of the funds that have been entrusted to our care. The library now contains 5,639 books. Although the amount appropriated is not sufficient to enable your trustees to make a large increase, yet they intend to procure some new reading every year, and to keep the library in good condition by replacing standard books that are continually wearing out, and re-binding such as will pay for new covers. The sum expended the past year for new books has been \$339.93, as will be seen by the treasurer's report.

# School Report.

---

TO THE SCHOOL COMMITTEE OF THE TOWN OF LACONIA:

The sixteenth annual report of the Board of Education of school district No. 1, is herewith submitted.

The most valuable information respecting the schools of this district will be found in the reports of the superintendent and the truant officer, with their accompanying statistical tables. The attendance the past year has been considerably larger than in any preceding year; the entire number being 665, of whom 328 were boys and 337 girls; over sixteen years of age, 55; under six years, 30. The first term there were 12 schools, but at the commencement of the fall term the lower schools were so crowded, that it was thought best to organize another school composed of pupils mostly from the intermediate grades, accordingly the past two terms there have been thirteen schools. Should the population of our village continue to increase as rapidly as in the past few years, more school-rooms and perhaps school-houses will soon be needed.

Free text-books and a more rigid enforcement of the truant laws have contributed largely to the increased attendance the past year. The Board have expended more than \$2,100 for text-books the past year; this a much larger sum than will be needed in any succeeding year for a long time, for the reason that the same book, with proper care, can be used several terms by different pupils. The superintendent has the care and custody of the text-books, and keeps an accurate memorandum of all books used by every pupil, so in case any book is damaged or lost, it is easy to ascertain who is chargeable.]

Music and drawing are taught in all the schools with commendable success.

There has been a change of teachers in several of the schools the past year. Miss Woodward succeeded Miss Page in the upper Grammar at the commencement of the fall term and was succeeded by Miss L. E. Hibbard at the commencement of the winter term. Also, at the winter term Miss Flanders succeeded Miss Morse, Miss Martin succeeded Miss Barrows, Miss Wilder succeeded Mrs. Freese, and Miss Barrows, Miss Robie. We feel confident that we have a good corps of teachers, who are thoroughly prepared for their work, and are

earnest and conscientious in the discharge of their duties. The average grade of scholarship is yearly improving. A comparison of the schools as they are seen to-day with their condition ten years ago, shows a marked improvement in every respect. There is a growing public interest in the large attendance at graduation exercises, which is encouraging alike to pupils and teachers.

Our school rooms and furnishings are quite complete and in excellent condition, and if parents and pupils will work as earnestly as the teachers and board of education for the success and best interest of our schools, the future will witness an advancement and proficiency in our school system hitherto unknown.

C. F. STONE,	}	Board of Education.
J. G. JEWETT,		
E. C. HATCH,		
C. B. HIBBARD,		
S. H. MARTIN,		
F. H. LOUGEE.		

#### TO THE BOARD OF EDUCATION:

I herewith submit my second annual report upon the condition of the public schools of Dist. No. 1.

A careful review of the year's work assures me that we have made some progress and improvement over the work of the preceding year. The general tone of the schools is better. There has been a decided improvement in the prompt and cheerful obedience of pupils to their teachers. Few cases have been reported to me for discipline during the year; and the general bearing and deportment of the pupils has so noticeably improved that it seems to me worthy of mention and commendation.

We have had the misfortune during the year to lose several of our teachers; and, as the task of supplying their places was a somewhat difficult one, it need not be a matter for surprise that every change was not a change for the better. In fact, all the schools affected by the changes have doubtless suffered somewhat from the fact of a change; but I know that the Board made an earnest effort to secure the services of competent teachers, and I am glad to be able to say that their efforts seem to have been finally successful for all these schools are now in a satisfactory condition again and they are under good discipline and instruction.

The work of the primary schools has been especially good this year. I have never seen better work in language than that which they are now doing. The reading, writing and number work have also improved. The requirements in numbers have been slightly reduced in these grades, with the expectation that slow work here will produce more accurate work when the pupils reach the higher grades.

In the intermediate and grammar grades, although these schools have been considerably interrupted by sickness and change of teachers, the quality of the work has been good and will, I believe, show good results at the annual examinations in June next.

In the high school the work as a whole has been an improvement over that of last year. We are now well established in our four years' course; and, though the addition of another year has rendered necessary the employment of another teacher for a part of the time, yet the increased value of the course of study will warrant the added expense. As now arranged, our course of study will give to those students who desire it a suitable preparation for college or for the various technical schools or will afford a good foundation for a normal teacher's course.

During the past year more of the scholars than usual have pursued classical studies, more than half being now enrolled in the Latin and classical courses. While many regard the study of Latin and Greek as of little practical use, yet judging from past experience, I feel confident that this tendency on the part of the pupils to pursue them will, if it continues, materially raise the standard of scholarship in the school.

We need additional physical apparatus and a good reference library to make our equipment complete. It would not require a large expenditure to meet these wants and would add greatly to the quality of the work that we are able to accomplish.

Vocal music, under the direction of Mr. Conant, has been a popular study during the past year and marked progress has been made by nearly all of the schools. The pupils have now come to regard it as a regular study and give it the same attention that the other regular studies of the course receive; and I confidently predict that another year will show still greater improvement than there has been thus far.

The subject of drawing, at the beginning of the winter term, was placed in charge of Miss Barrows as a special teacher, and the wisdom of such action is already apparent in the better results obtained. The importance of drawing as a means of education is now generally recognized and, when manual training becomes established in our educational system, a knowledge of its principles will be indispensable. Like music, it seems to require a special teacher; and, as in the case of music, it will take some little time to produce really good work. However, we have made a beginning, the pupils are generally interested and there seems to be no good reason why we should not do good work in this line.

We have found some little difficulty in completing the work of our course in the thirty weeks of the primary and the thirty-three weeks of the grammar school year. If the time could be lengthened somewhat, we could do more thorough work; and could also find time to give our grammar pupils a course of instruction in civil government. So many

of them finish their education in the grammar school that it seems as though we ought to give them the means of acquiring a sufficient knowledge of the nature and principles of the government under which we live—a knowledge which they certainly need in order to become intelligent citizens.

While the average attendance of all the schools has been slightly better than it was last year, it is still low. Pupils stay out of school too much for trifling causes. If the parents of the pupils would take an active and personal interest in getting their children to school promptly every day of the school year it would do more to increase the efficiency of the schools than anything else that they can do.

The action of the school Board in shortening the afternoon sessions to two hours during the winter term has proved a very satisfactory arrangement: for I believe that an unbroken session of two hours is quite as valuable as a three-hour session interrupted by a recess.

A glance at the truant officer's report indicates that he has done a good deal of work in securing the attendance of pupils who would otherwise have been at work or on the street. The large number of school children enrolled this year is probably due to his efforts as well as to the natural increase of the school population.

W. N. CRAGIN.

#### LACONIA UP-TOWN DISTRICTS.

The undersigned members of the school board of the up-town districts, herewith submit their annual report relating to the schools under their care, for the year ending March 1, 1891.

The schools under our supervision during the past year, have been successful in the extreme; there has been a unity between teacher and pupil that has made its effect apparent in the examinations.

Good and efficient teachers have been in charge, and the result has been decidedly satisfactory to the board. The selecting and distributing of the text-books and other supplies, have necessitated a great amount of extra work for the board, but the satisfaction of seeing a better and more uniform classification of the pupils, has been pleasing in the extreme.

In some instances the parents have shown their interest to a great extent by their presence at the examinations at the close of each term.

We would urge those who are interested in our schools, to make frequent visits, thus gaining a better knowledge of the condition and progress of the work. Each school room is now provided with a suitable book-case, containing the text-books and other supplies required for the pupils. Great care has been exercised by the teachers in keeping these books in good condition, and at the close of the year, we

find but little damage beyond the actual wear that has come to them by use.

Below we give a summary of the statistics of the schools under our care.

#### DISTRICT No. 3.

This school has been taught during the entire school year, by O. Eva Cawley. Miss Cawley is a teacher of exceptional ability, possessing that quality which is so essential to every successful teacher, a power to govern and exercise good discipline. School year 30 weeks, divided into three terms. Attendance for the year, 30; boys, 17; girls, 13; number of visitors for the year was 78; teacher's wages \$30 00 per month.

#### DISTRICT No. 4.

There has been a change of teachers in this school each term. The first term was under the charge of Mrs. Adelaide H. Granger, a lady who has had many years experience in teaching, and gave us good satisfaction. Miss Julia Davis was our teacher the second term. She hardly needs to be recommended to those who are interested in the school having made a life work of teaching, largely in this vicinity. Her experience and good success have made her ability unquestioned. The teacher for the third term was Mrs. Jennie Clark. This term was all that we could wish by way of advancement and discipline. School year 30 weeks, divided into three terms. Attendance for the year, 61; girls, 21; boys, 40; number of visitors for the year, 11; teacher's wages \$30.00 per month.

#### DISTRICT No. 5

This is a union district, Laconia and Meredith, uniting in forming the membership of the students. Teacher for first and third term was Mrs. Susie Sanborn, a teacher who has been known in our schools before, and one who has given us good work. The pupils under her care show the effect of the careful training received from their teacher. The second term was taught by Miss Clara E. Stanton, who was thorough in all her methods, her careful efforts doing much in placing the school in its present high standing. School year 30 weeks, divided into three terms. Attendance for the year 26; girls, 10; boys 16; number of visitors for the year, 42; teacher's wages \$30 00 per month.

Number of students in all the schools for the year engaged in the following studies: Reading, 85; spelling, 86; penmanship, 76; arithmetic, 73; geography, 64; grammar, 49; history, 14; composition, 28; drawing, 33; physiology, 8; book keeping, 22; algebra, 7.

FRED C. TRUE,	} School Board.
FRANK N. BLAISDELL,	
CHAS F. SANBORN.	

# Report of Truant Officer.

To the Board of Education:

I herewith submit a consolidated report for the year ending February 20, 1891, as follows:

		No. of visits to School Rooms.	Whole number of Cases Investigated.	No. of Absentees.	No. of Truants.	No. found in streets, not enrolled in any school.	No. found working without Certificates. # Vital Statistics.

---

TO THE SELECTMEN OF LACONIA :

In compliance with an act of the Legislature, passed June session, 1887, requiring "clerks of towns and cities to furnish a transcript of the records of births, marriages and deaths to the municipal officers for publication in the Annual Report," I hereby submit the report on the following pages and certify that it is correct according to the best of my knowledge and belief.

GEORGE B. LANE, Town Clerk.
